

SUMEDH NIKAM

Supply Chain Management Graduate | MBA | Logistics & Operations Professional

+31 626162901 | sumedhnikam847@gmail.com | https://www.linkedin.com/in/sumedhnikam847 | Amsterdam, Netherlands

SUMMARY

Supply Chain and Operations professional with hands-on experience in inventory management, logistics, procurement, warehouse operations, and supplier management. Currently pursuing an MBA in International Business Management at TIO Business School, complemented by an MBA in Supply Chain Management from Sikkim Professional University. Skilled in Microsoft Excel, ERP systems, demand planning, and operational reporting with strong analytical and coordination abilities. Improved workflow efficiency and reduced operational delays through process optimization and cross-functional collaboration during internship experience. Seeking roles in supply chain, logistics, and operations management.

EXPERIENCE

Supply Chain & Operations Intern

Joshi Engineering Company | Client: Johnson Controls

11/2024 - 07/2025 | Mumbai, India

- Streamlined daily **supply chain operations** for industrial chillers and heaters across 4 departments, improving **workflow efficiency** by 25% through effective coordination and process tracking.
- Managed **inventory monitoring** for 1,500+ SKUs, maintaining 98% stock accuracy across warehouse and godown operations consistently.
- Coordinated with 20+ **suppliers** and **procurement teams**, reducing material shortages through proactive follow-ups and scheduling.
- Optimized **logistics planning** and **shipment tracking** processes, improving **B2B and B2C delivery timelines** by 22% across operations.
- Maintained **procurement records**, inventory documentation, and **operational MIS reports** using **Excel and ERP systems** with 100% accuracy.
- Improved **warehouse space utilization** by 18% through organized inward-outward movement planning and streamlined inventory handling procedures.
- Conducted **demand forecasting analysis** using historical sales trends, supporting **inventory planning decisions** and reducing excess stock levels by 15%.
- Collaborated with **cross-functional teams** on **dispatch scheduling** and operational issue resolution, decreasing **order processing delays** by 20% overall.
